

BOERS HAVE BEST OF IT

Constant Fighting Has Been Going On at Renesberg Since Friday.

BRITISH FORCED BACK

Big Battle Expected By Foreign Attaches On the Modder River Today.

GREAT BRITAIN TO RAISE ARMY OF 600,000 MEN.

British Obligated to Evacuate Slingersfontein as the Boers Threatened Their Flank—Mafeking Garrison Holding Its Own—Two Thousand Troops Land at Cape Town For Roberts Army—All Eyes Turned on Gen Roberts and His Next Move—Kimberley Reported to Be Short of Food.

Renesberg, Feb. 13.—[Special Cablegram]—Constant fighting has been going on here since Friday. Both sides have scored, but the Boers today have the best of it.

Friday they occupied Bastard's Nek to the west and mounted a gun there. Later they seized Hobkirk's farm to the south and drove in the British on the outposts.

Sunday the British artillery got a range on Bastard's Nek and Hobkirk's farm, and forced the Boers to evacuate those positions. Part of the Australians and the Tasmanians then reoccupied them.

Early Monday morning, however, the Boers returned unexpectedly to the attack, and by a flank movement forced the British outposts to retire to Maeder's farm.

The Boers then occupied Bastard's Nek and Hobkirk's farm, which they now hold.

The British have been obliged to evacuate Slingersfontein as the Boers are threatening their flank.

British Losses Were Severe.

London, Feb. 13.—[Special Cablegram]—A dispatch to the Mail says that the retirement of the British from Slingersfontein is a serious affair. The fighting was heavy, and the British losses were severe. The dispatch adds that as a result, Renesberg has most probably been abandoned.

A dispatch from the commander at Kimberley, dated February 11, says that during the morning of February 9, a small infantry engagement lasting two hours took place at Alexanderfontein. The situation at Kimberley is unchanged.

According to a private telegram received here Gen. Woods forces have seized and now hold Zoutpansdrift.

Gen. Buller today reported the following casualties at Potgieter's Drift from Feb. 5 to 7: "Officers, three, men, 23 killed; 249 wounded, 5 missing." Buller previously reported casualties at Potgieter's Drift up to noon, Feb. 6 as 233.

Expect to See a Battle

Cape Town, Feb. 13.—[Special Cablegram]—The foreign military attaches left for Modder river last night, with the expectation of seeing a battle.

Mafeking Holding Its Own.

Mafeking, Feb. 13.—[Special Cablegram]—The situation here remains unchanged. The garrison is holding its own. The Boers can be seen trekking southward with guns.

More Troops For Gen. Buller.

Cape Town, Feb. 13.—[Special Cablegram]—The transport City of Rome arrived here today with two thousand troops which will be sent at once to the Modder river. Upon their arrival it is estimated that Roberts will have forty thousand men at his command.

Refugees from Kimberley and Modder river report that the Boers lost only two killed in the fighting at Koodoosberg last week.

HUGE ARMY FOR GREAT BRITAIN

Now Planned to Have Ready Nearly 600,000 Men Under Arms

London, Feb. 13.—In the house of commons Mr. George Wyndham, parliamentary secretary of the war office, gave an outline of the military measures necessary for placing home defense on a satisfactory footing. The government, he said, had not even considered the question of compulsory service, which was entirely unnecessary in view of the activity of recruiting for the auxiliary forces.

During the spring and summer the volunteer artillery will be retrained. A mounted infantry volunteer corps would be formed. The artillery, army service

corps, and engineers necessary for two additional army corps would be raised forthwith—namely, thirty-six field batteries and seven horse batteries. The secretary also said it had been decided to raise twelve additional infantry battalions.

At present, the speaker further pointed out, there were 109,000 regulars in the country, and the increase was anticipated to be 30,000. There were now 328,000 men in the auxiliary forces, and it was estimated the increase would be 50,000. So, altogether, the country would soon have at least 517,000 men, and Mr. Wyndham anticipated that the number would be nearer 600,000 than half a million.

But Horseflesh at Kimberley

London, Feb. 13.—Startling intelligence comes from Kimberley in the Cape newspapers just received by mail in London. It appears that since Jan. 8, the rations at Kimberley have been for the most part horseflesh, so repugnant to women and children that many refuse to eat. It also appears that the death rate has been heavy and that the privations of the garrison have been increasing steadily. This news it is supposed, the censor has suppressed. Possibly such conditions explain the presence of Lord Roberts at Modder River and the apparent preparations for an advance from that point.

BOERS STILL SHOW STRENGTH

British Have Not Been Able to Move Them in Any Direction.

London, Feb. 13.—The chief item of war news this morning did not come from South Africa at all. It is contained in the statement of Lord Lansdowne in the house of lords that Lord Roberts is in command of all the British forces at Modder river. It is more than likely that London will next hear of the commander in chief from somewhere in the Orange Free State.

On the eve of the expected great move by Lord Roberts it is interesting to recall that today is the 125th day of the war; that the imperial troops in South Africa now number about 165,000 men with 15,000 more in transit; that the British losses in killed, wounded and missing aggregate 11,000 men and that with the exception of driving the Orange Free-States from Graspan behind the line of the Modder river the Boers today hold the same position they seized when they first surrounded Ladysmith, Kimberley and Mafeking and overran Natal and northern Cape Colony.

LITTLE NEWS FROM SOUTH AFRICA

Press Censorship Is Being Enforced with Great Rigor

London, Feb. 13.—All but censorship and also that if other means fail, England's new military policy announced in parliament.

There is nothing new from South Africa, and it is improbable that anything will transpire just yet. All eyes are turned on Gen. Lord Roberts, and his next movement is awaited anxiously. He has sanctioned certain new press regulations, which, according to the Standard's Modder river correspondent, will allow mailed communications to pass unchecked. Telegrams only will be censored. The correspondent adds, significantly: "During the next few days, however, very little news will be permitted to go through."

There is nothing from the Natal side, except Gen. Buller's explanation of his withdrawal from Vaalkrantz.

Skirmishing is reported from Renesburg, with small losses on either side, but there has been no forward movement.

Kimberley Short of Food.

Kimberley is suffering somewhat severely from the bombardment, which is damaging the residential parts of the town more than hitherto. The inhabitants are probably now severely pinched for supplies.

During December the death rate of the whites rose to 60 per 1,000 and of the blacks to 133 per 1,000, as compared with 21.7 per 1,000 among the whites and 53.6 among the blacks in 1898. The infantile death rate reached the extraordinary height of 671.1 among the whites and 912.7 among the blacks.

Santa Fe, N. M., Feb. 13.—The bank of Henry D. Bowman, at Las Cruces, N. M., was robbed by two men, who held up the employees with revolvers aimed at their heads. The amount taken was \$5,000, it is said.

Steamer Goes to Bottom.

Cincinnati, Feb. 13.—The steamer Henry M. Stanley struck the Kentucky pier of the Southern Railway bridge Monday and sank in twenty-five feet of water, with the bow on the Kentucky shore.

Crookedest River in America.

From its four heads in the Boston mountains to Batesville, where it leaves the Ozarks and enters the Arkansas lowlands, White river is a succession of astonishing curves. No other river on the continent so often and so nearly doubles upon itself. From the source to the flat country is a distance on a straight line of perhaps 150 miles. White river between these points has a course of over 600 miles; some estimates make it 1,000 miles.

BADGER ATTORNEYS MEET AT MADISON

THE BAR ASSOCIATION DISCUSSES SOME LAW REFORMS.

Recommendation That Term of Study For All Students Preparing to Take Up Law Be Three Years and That a Code of Ethics Be Adopted.

Madison, Wis., Feb. 13.—When General E. Bryant, dean of the College of Law of the State university, called the State Bar association of Wisconsin to order in the supreme court room of the capitol last evening, the chamber was filled to overflowing. President Bryant delivered a most scholarly address, which was received with hearty applause. His subject was law reform. It was an historical review of the more important changes in the law during the last century.

Suggests a Code of Ethics

The committee on legal education, through its chairman, Judge George H. Noyes of Milwaukee, made a report recommending that the required term of preliminary study of all students preparing to enter the legal profession, be three years, and that the association adopt a code of ethics. The present statute requires only two years of preparatory study, though the College of Law requires three. The idea is to secure uniformity in preliminary work.

Report of the Treasurer.

Treasurer S. C. Hanks of Madison, reported that there was a balance of \$366.37 in the treasury. The disbursements for the year were \$195.35. Secretary C. I. Haring of Milwaukee, reported that the membership of the association was now 459. Wisconsin has ten bar associations.

A. A. Jackson of Janesville, chairman of the committee on publication, reported that 500 copies of the proceedings of the association had been printed at a cost of \$284 and were now ready for distribution.

For John Marshall Day

A resolution submitted by R. M. Bashford of Madison, was adopted, instructing the chair to appoint a committee of five to report, at the present meeting, a plan for the proper observance of John Marshall day next year. President Bryant appointed Mr. Bashford, Senator C. A. Lamoreaux, D. F. Jones, Judge N. S. Gilson and Joshua Stark.

W. H. Flett of Merrill, and Burr W. Jones and A. R. Bushnell of Madison, were appointed a committee on nomination of officers.

The meeting will conclude with a banquet in Cornelia Vilas' Guild hall tonight.

TO FIX DATE FOR STATE CONVENTION

REPUBLICANS WILL MEET AT MILWAUKEE TOMORROW.

Ira Bradford Believes That His Chances to Receive the Gubernatorial Nomination Are Fairly Favorable—Nothing Certain Now About the Time of Holding the First Convention.

Milwaukee, Wis., Feb. 13.—Chairman J. B. Treat of the Republican State Central committee arrived last evening from Monroe to attend to a few details relative to the meeting of the state central committee called for 1 o'clock tomorrow afternoon. Among others whom the same meeting has attracted, though not as a committeeman, was Ira B. Bradford, of Augusta, one of the two candidates who have so far declared themselves in the race for the gubernatorial nomination.

Mr. Bradford, while extremely modest in all his associations believes that his chances of securing the nomination are fairly favorable, at least as much so as those of any other mentioned as a possibility.

State Central Committee.

Mr. Treat said that until the committee holds its meeting there will be nothing certain about either the time of the first state convention or in regard to the other important subject to be decided, the time for choosing the new state central committee. On the question of his re-election as chairman or the selection of officers for the state convention he had nothing to say.

"The majority of the committeemen, as I have already given out," said he, "favored my calling the state convention for March 21, without the formality of a committee meeting first. But for various reasons it seemed best to have the committee come together to discuss the subject before final decision. There are several things to be taken into consideration in reaching these conclusions, such as the proximity to the spring municipal elections, the possibility of conflict with other meetings and similar questions. Whether or not the committee will decide to have the election of the new committee at the first convention I cannot say, though several have been outspoken in favoring such a plan."

Prominent Politicians Expected

Senator DeWayne Stebbins of Algoma, the other outspoken candidate for gubernatorial honors, is expected today, while Isaac Stephenson of Marinette, will probably be here to take an active part in whatever is going on. Gov. Scofield will in all likelihood drop in before the conference, and a goodly number of politicians will be on hand.

Mollinoux's Nerve Chastened.

New York, Feb. 13.—Roland B. Mollinoux, who will be sentenced to death Friday for the murder of Mrs. Kate J. Adams, has not shown the slightest sign of falling nerve. George Gordon Battle, of counsel for Mollinoux, visited him in the prison. Mr. Battle said he expected to argue Mollinoux's case on appeal before the Court of Appeals not later than May of the present year. "Mollinoux is to be sentenced on Friday. On that day we will ask Recorder Goff to give us a new trial, on the ground that the verdict of the jury is against the weight of evidence. If our motion is denied, then we have the regular method of appeal left to us, and shall avail ourselves of it."

Jennie Rose is having a vacation from school for a week until a new stove is bought. Mrs. Almira Vincent died at her home Friday after a long sickness caused by cancer of the stomach. Her sufferings were intense and for twenty-eight days she was unable to take food. She was 64 years of age and lived on the river road for the past fifty-seven years. She was an excellent woman respected by all who knew her. The funeral was largely attended, was held Sunday from the Rock River church of which she was a member. Elder Whitford conducted the funeral services assisted by Elder Platts and the music being furnished by the Milton college quartette. Interment took place at the Milton Junction cemetery.

NORTH JOHNSTOWN.

North Johnstown, Feb. 13.—The dwelling house on Charles Fox's farm burned down Tuesday morning of last week. Mr. Fox had moved his family and most of his household goods to Milton Junction a few days before, and Mr. Nunn, who is to work the farm, had moved the greater share of his goods into the house, and the family came a few hours after the fire. Prompt action on the part of the neighbors saved the goods. The greatest loss was in the cellar, where Mr. Fox had 80 bushels of potatoes, a jar of pork, fifty pounds of lard, and a hundred quarts of canned fruit. Mr. Nunn also had seventy bushels of potatoes in the house. There was no insurance on the house. The fire originated from an over-heated stove-pipe passing through the chamber floor. Frank Wheeler and his two sons, Willis and Otis, were at H. R. Osborn's Sunday. Rev. A. Longfield preached an interesting sermon Sunday evening from the text, "Seek Ye First the Kingdom of God and His Righteousness, and All Things Shall Be Added Unto You." Mrs. Hanna of Whitewater, spent last week at the home of her daughter, Mrs. H. Tooker. The quarterly meeting of Free Baptists will convene with the church at Sumner Friday evening of next week. The new church will be dedicated Sunday. G. E. Osborn wishes to inform the jotters at Six Corners, that his hogs have not got the cholera, that his hogs never have had it, and he does not intend they ever shall have it. Frank Rice was around looking after the bridges in this section, Thursday. The water rose in torrents as the result of the heavy rainfall of the night previous. Miss Wright is able to resume teaching, and most of those who have been afflicted with mumps are recovering. Ira Ormsby shot twenty-seven rabbits Saturday afternoon. Rev. A. Longfield went to Janesville Saturday, and his daughter Edna, returned home with him.

Corpulence.

Extreme corpulence is a disease. It interferes with breathing, the backing up against the diaphragm prevents the free action of the lungs and interferes with the free action of the body and limbs. High living, rich food in abundance, sedentary, quiet and indolent habits tend toward corpulence. Corpulent people are generally found with an easy going disposition, and are in most cases on pretty good terms with themselves and everybody else. They are mostly of a jolly, easy going, pleasant and agreeable temperament.

MAGNETIC TREATMENT neutralizes the fatty ailment and reduces the body to its natural symmetry.

TRIBUTE TO LATE JUDGE BENNETT

Memorial Exercises Held in the Supreme Court Rooms at Madison Yesterday Afternoon.

Madison, Feb. 13.—Memorial exercises were held in the Supreme court rooms yesterday afternoon, four prominent judges and attorneys of the state who have died recently, Judge John R. Bennett of Janesville, Judge James A. Maloney of Milwaukee, ex-Atty. Gen. Winfield Smith of Milwaukee, and ex-United States Attorney Samuel A. Harper of Madison. There were a number of prominent jurists and attorneys present.

Attorney B. B. Eldredge of Janesville presented a short memorial for Judge Bennett and Chief Justice J. B. Cassoday who had known him well for forty years, said in part:

"He was particularly adapted to the trial of jury cases, and perhaps no lawyer in this section of the state tried more of them than he did. He was strong, incisive and awkward rather than brilliant, incisive and ornate. That very able lawyer and brilliant advocate, the late Senator Carpenter, when on the defense, repeatedly submitted his cause to the jury, upon the plaintiff's opening, rather than take the chances of a closing argument from Mr. Bennett. He had a remarkable memory and was a very extensive reader and enjoyed detailing to others what he had read. He was a man of deep sympathies, strong affections and bitter resentments, but wonderfully forgiving and magnanimous. His memory will be long preserved not only in the work he has left behind him, but in the traditions of the bar."

BANQUETTED INSURANCE MEN

Metropolitan Company Entertained Many of the Representatives Last Evening

At the Grand Hotel last evening the Metropolitan Life Insurance company gave a banquet to their agents of the Janesville district. The spread commenced at 8 o'clock. The tables were beautified by cut flowers. During the serving of the numerous courses the Imperial orchestra rendered excellent music.

Among the speakers of the evening were James McKone of this city, superintendent of the Janesville district; H. A. Young of New York City, superintendent of agencies; William G. Standa of New York City, chief supervisor; D. P. Welch, superintendent of agencies, ordinary department; Drs. J. F. Pomeroy and George W. Field of this city, representatives of the board of medical examiners.

Many guests from out of the city were in attendance, including representatives from Fort Atkinson, Madison, Beloit and Watertown. The banquet was a success in all that the word implies.

Populists Favor Bryan

Lincoln, Neb., Feb. 13.—Though the session of the national populist committee will not open here until tomorrow, the leaders are beginning to arrive. Senator Marion Butler of South Carolina, Abbot of Chicago, Gray of Oklahoma, Patterson of Colorado, and many others have already arrived. Everything points to the fact that Kansas City will be the place of the convention, and that the date will be early, probably before the democratic convention is held. The sentiment of the members indicates Bryan's endorsement, but the question of the vice presidential candidate is apparently another and more serious matter. The majority of the members are holding out for that position for the populists.

Cupid Never Grows Old

English, Ind., Feb. 13.—A marriage license was issued here today to Thomas Greely and Mrs. Amanda Philips, 80 and 78 years old respectively, probably the oldest pair ever starting out upon the path of love in Crawford county. This is the fourth venture for each.

Ivory Soap costs a little more, but it takes less to do the work, and how much whiter the clothes are when they have been washed with it.

A WORD OF WARNING.—There are many white soaps, each represented to be "just as good as the Ivory," they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

BIG LABOR FIGHT IS ON

Thousands of Men Out, Though Many Continue at Work

Chicago, Feb. 13.—Matters came to a head in the building trades' situation Monday, and on every side there were indications that the struggle between the labor unions and the contractors has begun in earnest. Contractors swarmed about the headquarters of the Building Contractors' council, making arrangements for continuing their work without the aid of union labor, and it was said emphatically that 1,000 non-union men would be to work on different jobs in a day or two.

On the other hand, members of the Building Trades' council asserted that the tie-up was not complete, that thousands of their men were working in the city, and that several large jobs had been taken away from the contractors by the owners, and given to the unions to finish. Both sides maintain a defiant attitude, and insist that from now on there will be war to the knife until one side or the other is ready to quit. Investigation proved that work has not entirely stopped on the down-town buildings.

Indiana Republicans in Session

Anderson, Ind., Feb. 13.—The twelfth annual session of the Indiana State League of Republican Clubs has brought a thousand representative republicans of Indiana to Anderson. Yesterday and last night was given to speech-making and celebrating the birth of Lincoln. Every candidate for governor and state offices is present or represented, and many combinations are in the air. Booker T. Washington addressed 3,000 persons in the opera house Monday night, speaking two hours. Four hundred guests attended the banquet at the Hotel Anderson and Columbia.

Disruption Is Threatened

Philadelphia, Pa., Feb. 13.—With the meeting of the republican national convention only four months off, the National League of Business Men of Pennsylvania, organized in 1896 to advance the cause of sound money and contribute the support of the business element to the campaign for McKinley, is threatened with disruption. The business men's league, now on the verge of collapse, and its allied branches, contributed \$750,000 to the McKinley campaign in 1896.

Found Dead in Their Beds

Battle Creek, Mich., Feb. 13.—A rather remarkable coincidence appeared today in the deaths of Oliver Barney and Joseph Hayton, pioneer citizens. The men were bosom friends and both have been in fairly good health, despite their age. Monday morning Hayton was found dead at his home in this city, and the same hour Barney was found dead in his bed in Bedford township.

Really Man Kills Himself

St. Louis, Mo., Feb. 13.—Hugo Kromery, prominent in realty and financial circles, killed himself Monday in the vault of his office by shooting. He left the following note: "I shoot myself. No one had anything to do with it. I am simply crazy. Good-by all. I was driven to it." Kromery planned the deed with great deliberation. No cause is ascribed for the deed. Kromery was wealthy and single.

Kidnaped and Assaulted

St. Louis, Mo., Feb. 13.—Heresa Rupert, 18 years old, of 3418 Gravoys avenue, was discovered at 10 o'clock Monday night lying unconscious in a vacant lot at Chippewa street and Michigan avenue. The girl had been kidnaped while on her way home, dragged into the place where found, and assaulted, and her long tresses cut off. She was unable to give any description of her assailants.

Drops McGiffert Charges

New York, Feb. 13.—The New York presbytery has dropped the charges of heresy preferred by the Rev. Dr. G. W. F. Birch against the Rev. Dr. Charles C. McGiffert, which had been made the

basis of a judicial inquiry, beginning with the last meeting of the presbytery. Dr. Birch may appeal to the next general assembly to force the presbytery to have a heresy trial of McGiffert.

Dies in an Ambulance

St. Louis, Mo., Feb. 13.—Graham B. Halderman died in an ambulance while being conveyed to the city hospital. Two weeks ago Mr. Halderman returned from California, and his friends were so pleased to see him that reception followed reception. His nervous system was overtaxed, and he was seized with insomnia. To induce sleep he resorted to the use of opiates.

Senator Quay to Retire

Philadelphia, Pa., Feb. 13.—Senator Quay will not be a candidate before the next general assembly for re-election to the United States senate. His place will be taken by some candidate who will have the support of both factions of the republican party. Chris Magee, the Pittsburg leader, it is declared, is the logical candidate to succeed Quay.

Mrs. Abbie Carrington Weds

Fond du Lac, Wis., Feb. 13.—A cablegram received by R. E. B. Beeson of this city announced the marriage in London of his sister, Mrs. Abbie Beeson Carrington, the American opera singer, to Prof. Wilbert Lewys.

Burglars Raid Elwood

Joliet, Ill., Feb. 13.—The town of Elwood, ten miles south of here, was raided Sunday night by a gang of daring robbers, who secured several hundred dollars' worth of booty.

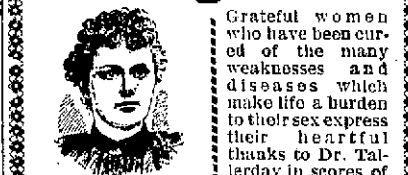

Steinitz Hopelessly Insane

New York, Feb. 13.—William Steinitz, the chess champion, has been removed to the Manhattan state hospital for the insane. The physicians believe his case is hopeless.

Old Man Kills Himself

Valparaiso, Ind., Feb. 13.—Henry Clinkerman, 65 years old, of Chester, this county, committed suicide by shooting himself, dying instantly. He leaves a family.

FAVORS THE CANAL.

The Chicago Journal is an independent newspaper, and has very little to say in a political way. Therefore The Journal's conclusions will be of interest to the friends of the Nicaragua canal scheme, as the opinion is not biased by political preferences. The Journal says: "No Nicaragua, or Panama, canal will ever be built by the joint action of several powers."

"The canal will never be built by this country and Great Britain acting jointly."

"The canal will never be built by a private corporation."

"No canal will be built by this country alone, unless its neutrality is guaranteed."

"The world needs the canal, not for war and poverty, but for peace and plenty; for commerce, not for manslaughter."

"This country needs it more than any other, and would gain more by it than any other."

"It would gain more by it commercially, and it would gain more by it strategically, even if the canal were unfortified, and an enemy had an equal right to sail ships through it if they could reach it; because—"

"It would connect our coasts only."

"It would double our fleets only, enabling them to concentrate on the Atlantic or Pacific as need."

"It would be virtually under American domination, anyway, just as the Suez is under British domination, for ships are the things to sink ships with, not forts, and if our squadron, working from the nearest naval bases, couldn't intercept an enemy's fleet on the way to the neutral territory, we ought to lose."

"It is eminently proper for this country, as the principal gainer, to build a neutral canal. It is the cheapest plan and the only one that promises achievement. There is nothing the matter with the Hay-Pauncefote treaty, and it ought to be ratified."

Amazing Expansions of Great Britain.

In 1750 the area of the British foreign possessions outside and exclusive of the British Isles, but including Canada, the West Indies, and India, may be set down as about 3 1/2 millions of square miles, with a population of less than two millions of white people and perhaps forty-five millions of colored races. These figures, though little as compared with those of 1899, are yet quite respectable. They were vastly greater than other nations of that time could show. Indeed they are greater than any nation can even now show for foreign possessions. In 1899 the British empire contains over 12 millions of square miles and 410 millions of population, of whom 55 millions are white people, that is 40 millions in the mother country, and 15 millions in the colonies, while the remainder are of colored races. This represents about nearly one-third of the habitable globe and shows an amazing expansion within the hundred years.

An Interesting Woman.

An interesting woman has just died in Russia. Irina Fedosova was one of the last of these professional storytellers who, before the spread of education, were very numerous in the east. She was quite illiterate, but her memory was so phenomenal that she could recite over 100,000 lines of heroic and legendary poetry. She was frequently in St. Petersburg, and was often invited to the palaces of the Imperial family and nobility to give recitations. In summer she wandered from town to village, and had never been absent from the famous fair of Nizhni Novgorod for sixty years.

The Lightest

Somebody, very learned, once took the trouble of weighing the brains of a number of animals, and found that the brain of a tame rabbit weighed less for its size than the brain of any other known creature—much less than that of a wild rabbit.

Armored Glass.

A recent German invention is armored glass, or glass cast with wire gauze inclosed in their substance, so as to increase the resistance to pressure, shock, and the effects of heat. Tests of the new material have been made at the Chemnitz technological museum which show that the armored glass is much stronger, and where the ordinary glass broke under sudden applications of pressure the strengthened material only cracked, and the cracks caused by changes of temperature did not allow either damp or flame to pass.

The George Washingtonian Filipinos

are now firing burning arrows at the American troops!

A delegation of W. C. T. U. women called on Mr. McKinley today to "discuss the army canteen." This in itself

is all right, but we hope that they will not "discuss the contents."

D. M. Ferry, the famous Detroit seceder, wants to be governor of Michigan and is now engaged in cultivating his boomlet. It would seem quite appropriate to follow Potato Pingree with Seedsman Ferry.

Congressman Sulzer would like the democratic nomination for vice president. Sulzer will not quite do, however. His name is too much like seltzer and too little like the old bourbon.

Election day is still a long way off, but political gossip is beginning to be heard. It is understood that nearly all the present city officials, whose terms expire, will be candidates for re-election.

Bryan wants the democrats to hold their national convention much earlier than is usual. What's the matter Colonel? 'Fraid you're losing your grip?

Gen. Joubert looks very much like General Grant in addition to being built on the "I propose to fight it out on this line if it takes all summer" plan.

One by one the state campaign cards fall.

RELIC OF THE WOODEN NAVY.

Old Frigate Franklin Will Soon Be Abandoned as Useless.

From the Washington Star: "The ancient frigate Franklin, a relic of the old wooden navy, which has been used for many years as receiving ship at the Norfolk navy yard, is soon to be a deserted hulk," said a naval officer, who has recently visited the Virginia naval station. "She was examined not long ago by a board of officers and it is believed they will submit a condemnatory report. The policy of the department, as is generally understood, is to do away with the time-honored but antiquated and out-of-date system of receiving ships, substituting for them shore barracks similar in general character to the quarters occupied by enlisted men at army posts. The jacksies of the old school are much opposed to this plan. They cling to their old foggy ideas of a seafaring life and believe a recruit should be placed upon the water from the very first. To break him in on shore and have him live in a barracks, they say, will make the fellow a landlubber all of his natural life. While the receiving ships of today are nothing more than great floating houses, there is nevertheless an air of the sea about them and this the old dogs among the men love. Dismantled and roofed over, the ships haven't much resemblance to a seagoing craft. Another thing in connection with the receiving ships is that the families of commanding officers are allowed to live aboard. The Franklin is a historic old boat, and it has been suggested that one might buy her when she is put up at auction and place the craft on exhibition in different ports. This would hardly seem to be a profitable undertaking."

Twentieth Century Air Valve

A valuable article for steam heated houses. It is guaranteed to exhaust the steam vapor from the boiler fast as it generates and allows its circulation freely in to the radiators. These air valves are so constructed (as you will notice by the cut) that the slightest degree of heat will automatically open the valve and expel the cold air. When the fire is low the valve closes and prevents back suction of cold air into the pipes. The valve can be seen in operation, costs but \$1.50, and will save its cost in one season.

Good Farm Homes Cheap

The Chicago & Northwestern Railway Company owns 550,000 acres of hard wood timber land in Northern Wisconsin, which lands are now being offered to actual settlers at low prices. The lands are well located, afford railway, postal, church and school advantages. These lands should not be confounded with the pine stumpage lands now offered in this market. Land that grows pine is invariably sandy.

The C. & N. W. Tracts grow hard wood and cannot be excelled by any "openings" in the country.

The logs, posts and poles find ready sale at nearby saw mills, and when the land is once cleared excellent agricultural soil is the result.

Excursions will be run to these lands on Tuesday of each week, round trip tickets being sold at... \$6.71

REV. A. C. KEMPTON FILES HIS ANSWER

The Baptist Church Divine
Makes General Denial
to Complaint.

ANOTHER GIRL IN IT.

She Was With Miss Holleran On the
Street When They Passed Kempton
—Defendants Ask That the Action
Be Dismissed By the Court—No
Action Can Be Taken Till the April
Term of the Circuit Court—Case
Was Called Before Court Commis-
sioner Carpenter This Morning.

Before Court Commissioner E. F. Carpenter this morning testimony was taken in the \$10,000 damage suit of Marguerite Holleran vs. Arthur C. Kempton.

Miss Holleran was placed on the stand and gave her testimony in a loud and clear tone of voice.

The testimony was merely a going over of the complaint as filed against the Baptist divine.

Action on the case will be taken during the April term of the Rock county circuit court.

Rev. Arthur C. Kempton's answer filed is as follows:

Answer of the Defendant.

The above named defendant, by Fethers, Jeffris & Mount, his attorneys, for an answer to the complaint of the plaintiff respectfully shows to the court:

That this defendant has no knowledge or information sufficient to form a belief as to whether the plaintiff is now or for a long time prior hereto has been a resident of the city of Janesville, or as to whether the plaintiff is an unmarried woman and supports herself on her earnings as a stenographer or otherwise, or as to her chastity.

This defendant further answering denies that on or about the 12th day of January, 1900, or at any other time, at the city of Janesville or any other place, he maliciously or otherwise intending to injure the said plaintiff in her good name, fame and credit, and to bring her into public scandal, infamy and disgrace, with and amongst her neighbors and her employers and to cause it to be suspected and believed by said neighbors and citizens, or by the public generally, that the plaintiff was a lewd, unchaste or disreputable woman, did falsely and maliciously speak and declare of and concerning the plaintiff in the presence of divers persons, or any persons, the language set forth in said complaint, or that he ever at any time or place, or to any person maliciously or with intent, to injure the plaintiff, ever spoke of and concerning her any words whatsoever, or that he spoke the words set forth in the complaint.

This defendant further answering admits that he believes he is a person of good standing in the city of Janesville, in said county of Rock and state of Wisconsin, and admits that he is the pastor of the Baptist church in said city.

Defendant further answering denies each and every allegation in said complaint contained not herein before specifically denied or admitted.

And this defendant further answering, in justification and in mitigation, alleges:

That the only person to whom he ever made any statement of or concerning the plaintiff's reputation, was Maud Fellows, who was at the time and still is a member of the church of which he is the pastor, and that such statement was made in a private conversation which this defendant held with said Maud Fellows, as her pastor and not otherwise, and was made as this defendant believed in the interest of said Maud Fellows as a member of the church of which this defendant is the pastor, and such conversation was privileged and arose under the following circumstances, to-wit:

That on or about the 12th day of January, 1900, this defendant was conversing upon one of the main public streets of the city of Janesville with a gentleman friend; that the said plaintiff and one Miss Jennie Griffiths and the said Maud Fellows passed along said street by this defendant; that this defendant bowed to the said Maud Fellows and then the plaintiff looking this defendant in the eye, made a familiar bow to this defendant; that so far as this defendant knows it was the first time that he had ever seen the said plaintiff; that this defendant, after said plaintiff had bowed to him, turned to the gentleman with whom he was talking and asked said gentleman who the young lady was that had bowed to him; that the said gentleman stated to this defendant that it was a Miss Holleran; that this defendant asked said gentleman who she was and what kind of a girl she was; that the said gentleman replied that she did not have a good reputation and thereupon stated some other things which are unnecessary to here set forth; that on the following Sunday when the said Maud Fellows was attending Sunday school this defendant called the said Maud Fellows to one side so as to be alone with her and thereupon asked said Maud Fellows who the young ladies were that were with her when he met her upon the street some days before; that the said Maud Fellows replied that they were Miss Holleran and Miss Griffiths; that this defendant then asked said Maud Fellows why Miss Holleran had bowed to him; that the said Maud Fellows stated, "Oh, she does

that with all the men"; that this defendant then asked the said Maud Fellows if she considered a girl who did that a proper associate; that the said Miss Fellows stated that she did not know anything out of the way about the plaintiff, and asked the defendant if he did; that this defendant replied that he had been told that the said plaintiff did not bear a very good reputation, that a person was sometimes known by the company they kept, and that a good girl could not be too careful about her associates, wherefore, this defendant asks that the plaintiff's complaint be dismissed, and that he have judgment for his costs and disbursements in this action.

TWILIGHT MEMBERS TALKED OVER WAR

BRITISH-BOER TROUBLE WAS
THEIR TOPIC.

One Hundred and Fifty Were In Attendance Last Evening—Speakers of Note Took Part—Banquet Proved to Be One of the Most Successful of the Season.

One hundred and fifty members were in attendance last evening at the meeting of the Twilight club held at the Hotel Myers. The session proved to be one of the most instructive, interesting and largest attended in the history of the organization.

Attorney T. S. Nolan was leader. The subject was: "Imperialistic Aggression as Exemplified in the British-Boer War." It is impossible to fairly present any of the arguments made in a synopsis, but, briefly stated, Hon. John M. Whitehead was the first speaker on the program. His topic was, "The Characteristics of the Boers" and his talk was very interesting. He followed the lines of his subject closely, and presented much information in an entertaining way.

Rev. A. C. Smith supported the Boer cause, and spoke at length. His paper showed careful preparation and close study. He defended the Boers and denounced the British government and some of the British authorities roundly.

Rev. Robert C. Denison followed Rev. Mr. Smith, and made a forceful plea. He argued from the standpoint of "the greatest good to the greatest number," and supported the principles at stake as viewed by England. His argument was particularly forceful, and exceptionally strong because of its absolute simplicity.

William Blinton's paper answered the question, "Was England's Ultimatum Just?" by saying that England had issued no ultimatum. He handled his subject with skill, and presented an exceptionally good paper.

M. J. Jeffris' address on "What Imperialism Has Accomplished for the World" was characteristic—strong, exhaustive, and entertaining. He defended England most eloquently and argued in favor of unity between the Anglo-Saxon of the world.

J. J. Cunningham spoke for the other side, and argued against imperialism, although he did not place the same construction on the word as did Mr. Jeffris. He made an excellent argument.

Marshal P. Richardson spoke of the "Outcome of the war." In introducing Mr. Richardson, the leader, paid him a compliment saying that Mr. Richardson was of a judicial turn of mind, and determined all questions without bias. Mr. Richardson showed that the compliment was well deserved, for although he made a strong argument, he did so dispassionately. He predicted England's ultimate triumph.

The address concluded the program. C. E. Pierce spoke for a moment upholding the Boer cause. Rev. A. C. Smith, M. G. Jeffris and J. L. Mahoney, also made a few informal remarks.

The last meeting of the club will be held Tuesday evening, March 13. Dr. S. B. Buckmaster will lead, and the topic will be "Scientific Developments."

MAX PFENNIG WAS AUTHORIZED AGENT

MRS. HOFFMEISTER DEFEATED
IN HER ACTION.

Court Finds That Pfennig Had Received Sums of Money From the Plaintiffs —It Was Also Shown That At Different Times He Paid Mrs. Hoffmeister Interest Money.

In Justice M. P. Richardson's court this morning in the case of Frederick Gundlack and Frederick Gundlack vs. Ernestine Hoffmeister, the court found in favor of the plaintiffs. The justice decided that Max Pfennig was an authorized agent of the defendant and that he had received certain sums of money on mortgages given by plaintiffs and that with the money paid acknowledged by the defendant as having been received by her from Max Pfennig and that certain payments which plaintiffs had paid were not paid over by Pfennig. The court also found that the plaintiffs were entitled to \$100 damages for failure of the defendant to release the mortgage.

The case was of special interest. The plaintiff alleged that he gave the defendant a mortgage on his farm in the town of Center for \$1,300; that the business was transacted through Max Pfennig, whose present whereabouts is unknown, and who the plaintiff alleges, was Mrs. Hoffmeister's authorized agent; that he has paid up the mortgage and that Mrs. Hoffmeister refuses to release it, claiming that she never received any portion of it from Mr. Pfennig; that he has receipts from Pfennig for a portion of the money.

Mrs. Hoffmeister alleges that Pfennig was at no time employed by her as an agent.

Fethers, Jeffris & Mount appeared for the plaintiff and Sutherland & Nolan for the defendant.

A change of venue will be taken by the defendant to the Rock county circuit court.

Read and Respect It.

Boldness, honesty and intelligence are the qualities which, combined with an understanding of what the people want to know about, are essential to the men who edit a newspaper which the people not only read but respect. The Chicago Times Herald has these qualities shown in its columns every day. The result is that its circulation is increasing at a rapid rate, and that the men and women who read it are proud to say that they have it in their homes.

Glimpses Across the Sea

is the charming title of a charming book from the facile pen of Mr. Sam T. Clover, the well known author and newspaper editor.

"The Glimpses" are particularly pertinent just now when so many people are considering about going to the Paris Exposition, and many people will be glad to know that the Chicago, Milwaukee & St. Paul Railway has purchased an edition of Mr. Clover's work for distribution.

A Detailed Map of Rock County . . .

Work is now in progress on a new wall-map for Rock County. In size it will be 42x47 inches, mounted on cloth, and each township (of which there are twenty) will be neatly colored. The county will be represented on the scale of 1½ inches to the mile and will show the location of streams, lakes, cities, villages, school houses, churches, town houses and residences, public roads and railroads. It will also locate the farms, giving the number of acres and the name of the present owners wherever it is possible to do so. As fast as the drawings of the townships are completed they are verified so that the map will be as nearly correct as possible. The work will be of great value to business and professional men and farmers, and should find place in every school house in the county. The last wall map of the county was made a great many years ago, so that this new one will fill a long felt want.

The Price is \$6.00.

Only enough of the Maps will be printed to fill orders. This fact should be borne in mind by those interested. Agents will begin the work of canvassing at once; orders may be given them and may also be sent to us in care of The Gazette office. If you will send in your name, a representative will call and give more information if necessary.

The undersigned hereby orders W. W. HIXSON & CO., to publish and deliver to me or us, Map of Rock County, Wisconsin, for which I agree to pay W. W. HIXSON & CO., or agent, the sum of Six Dollars on delivery of said Map.

The Maps to be mounted on Cloth, neatly colored by townships. The county will be represented on the scale of 1½ inches to the mile and show the location of Streams, Villages, School-houses, Churches, Townhouses and Residences, Public Roads and Railroads also locating the Farms, giving the number of Acres and the name of the present owners, wherever it is possible to do so.

You Can Save Time by filling out and signing in ink your full name to the accompanying order and forwarding it to us, care of The Gazette.
